New York Stock Exchange.

New York, November 8 - the stock mar-ket to-day, was dull, except for one stock, and the foremon lesses were never recov-ered. The prices at the close were in a great majority lower than these of last evening. The sales on foreign second wers kept up almost throughout and day. The reason as-signed for this our pouring of long stocks was that foreigners were distrustful the new administration might make such counges sa would reterf business and so hurt the value of securibles.

FLOUR -Firmer, 25c bigher; a good feeling exists, and prices have an upward tendency. Whear-Demand good, with a continual advance. It looks as though prices would reach very high figures this winter, far exceeding those of many years past. The home market is buying all the first-class wheat.

home market is buying glithe first-class wheat

Oars-The supply far exceeds the demand, with no export trade; home consumption is all there is to depend on Prices range from \$1 15 to \$1 25, with no immediate advance in view.

Barlay-Strong; demand good; brewers are buying all the white club offered in the market. Holders are asking for higher prices, which, however, cannot be given, California underselling our market. Utah is quoted at \$1 10 to \$1 15 bulk, while California can be bought for 90c to \$1 sacked Eastern buyers, in consequence of this, pass us by and obtain their oarley in the west. There is so yet a full supply on hand.

RYE-Poor demand; no outside buying.
CORN-No shipments of Utah; home market full, with but small consumption. Owing to the low price of oats, there are no prospects of an advance in the near future.

HAY-Good local demand; no exports.

LUCKEN-Buyers are paying \$116,812 fo.b at Salt Lake. An appared tendency is noticeable, however. In southern caunties an advance has already been noted.

Potators-upply in excess of demand Twenty-three cars have been shipped to

able, however. In southern counties an advence has already been noted.

Potators—supply in excess of demand. Twenty-three cars have been shipped to Texas this week, at ruinously low figures. No prospective advance.

Ontons—a light demand from eastern market, but at prices which cannot be met, freight from California to Colorado points being lower than from Utah markets.

Butten—Gill edge in good demand: A 1 creamery brings from 20½ to 30 c.; no call for second class.

EGGS—Firm, with upward movement; no sales noted.

Salt—No shipments of any consequence; manufacturers continue to cut rates. Shipments to Butte, from Utah common points, fo be on milling, \$1 25 per ton. Table and dairy, is and 10s, delivered to jobors at \$5 per ton. Cattle salt, good outside demand; Lake lump, \$2.50; Nephi mountain rock, \$2 50; Salina mountain rock, \$6 00.

New ORLEANS, LA

I suffered with catarrh for many years and got so deaf that I went about my Masseum, Circus and Theatre giving directions and doing business with a big ear-frumpet at the side of my head. It was very annoying to me and amusing to those who saw me By the advice of physicians I sought the climate of the Sunny South. In six months I could see no change and was discouraged at this time I began using Chalmers' English Catarrh Cure, In three months I felt a new man, in six months my hearing returned. I refused to give a testimonial at once for the English Catarrh Cure, as I feared it was not permanent But a year or more has now pussed, and I can now heartily indorse Chalmers' English Catarrh Cure for the cure of catairs and deafness.
